

based on a preliminary review of the proposed facilities and the environmental information provided by WNG. This preliminary list of issues may be changed based on your comments and our analysis.

- Two perennial and 13 intermittent streams would be crossed.
- At least one perennial stream, the Verdigris River, would be crossed by directional drilling.
- Two wetlands would be crossed by the project.
- Three domestic water wells would be located within 200 feet of the construction right-of-way.
- One residence would be located within 50 feet of the construction right-of-way.
- Additional temporary workspace may be needed at stream, road, and utility crossings and for equipment/materials storage.

Public Participation

You can make a difference by sending a letter addressing your specific comments or concerns about the project. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please follow the instructions below to ensure that your comments are received and properly recorded:

- Address your letter to: Lois Cashell, Secretary, Federal Energy Regulatory Commission, 888 First St., N.E., Washington, DC 20426.
- Reference Docket No. CP96-776-000;
- Send a *copy* of your letter to: Ms. Jennifer Goggin, EA Project Manager, Federal Energy Regulatory Commission, 888 First St., N.E., PR-11.2, Washington, DC 20426; and
- Mail your comments so that they will be received in Washington, DC on or before November 14, 1996.

If you wish to receive a copy of the EA, you should request one from Ms. Goggin at the above address.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding or become an "intervenor". Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide copies of its filings to all other parties. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 2).

The date for filing timely motions to intervene in this proceeding has passed. Therefore, parties now seeking to file late interventions must show good cause, as required by section 385.214(b)(3), why this time limitation should be waived. Environmental issues have been viewed as good cause for late intervention.

You do not need intervenor status to have your scoping comments considered.

Additional information about the proposed project is available from Ms. Jennifer Goggin, EA Project Manager, at (202) 208-2226.

Lois D. Cashell,

Secretary.

Office of Hearings and Appeals

Notice of Cases Filed; Week of July 22 Through July 26, 1996

During the Week of July 22 through July 26, 1996, the appeals, and applications, petitions or other requests listed in this Notice were filed with the Office of Hearings and Appeals of the Department of Energy.

Any person who will be aggrieved by the DOE action sought in any of these cases may file written comments on the application within ten days of publication of this Notice or the date of receipt of actual notice, whichever occurs first. All such comments shall be filed with the Office of Hearings and Appeals, Department of Energy, Washington, DC 20585-0107.

Dated: October 10, 1996.

George B. Breznay,

Director, Office of Hearings and Appeals.
